

## **Ellipsiz Reported Sequential Operational Improvement** Better Revenue & Narrower Exceptional Charges Lifted Q4FY09 Results

-----MEDIA RELEASE FOR IMMEDIATE CIRCULATION-----

(SINGAPORE, August 12, 2009) – SGX mainboard-listed Ellipsiz Ltd and its subsidiaries (the “Group”), a probe card and distribution & services solutions provider to the semiconductor and electronics manufacturing industries, today reported a net loss after tax and minority interests of \$4.2 million on revenue of \$33.6 million for its fourth quarter ended 30 June 2009 (4QFY09). This brought the Group’s full year revenue to \$149.6 million and net loss after tax and minority interests to \$38.9 million.

Sequentially, both revenue and net results for 4QFY09 were an improvement over 3Q FY09’s revenue of \$30.6 million and net loss of \$28.4 million.

Included in 4QFY09’s results were further provisions, expenses incurred and write-off of \$1.7 million relating to the fire incident and \$1.6 million provisions relating to impairment of certain plant and equipment. The net loss from operations, excluding these one-time charges, was \$1.9 million, a decrease in losses of 41% when compared to 3QFY09’s net losses of \$3.2 million.

Melvin Chan, CEO of Ellipsiz Ltd, said: “FY09 had been a very difficult year for the Group. Signs of improvement in 4QFY09 are certainly encouraging to us. However the Group remains cautious of its business prospects, and will continue with the managing of cost structure and balance sheet position as well as focusing on the building of our business blocks to achieve sustainable growth.”
